

40 Days with Jesus

Before Easter, we looked at the events leading up to the resurrection in our 'Cross Shaped' series. After Easter, we're continuing by looking at post-resurrection encounters with Jesus. We're using a series published by CWR called '**40 Days with Jesus**'.

The Growth Group Notes are at: <http://www.40days.info/resources>
(6 sessions - scroll down to Small Group Studies & download)

You can choose for yourselves how you use the material within your particular group, but...

- The notes provide you with the 'Word' & 'What Next?' sections of our normal pattern. There are no 'Welcome' or 'Worship' activities. Please do still include elements of Welcome & Worship – for example by relaxing/chatting initially and then having a worship activity. Be creative, but for ideas, you could look back at some of the older notes on the church website.
- There are a lot of suggested questions – so just pick out a few.
- Don't forget to allow time for prayer & care! Pray for those 'inside the room' as well as those 'outside the room' and further afield.
- These notes are for May-July, whilst the corresponding preaching will end at Pentecost, with a new theme focussing on Prayer.

There are extra Resources you may choose to use on the website including:

- Videos of talks given by the author, Dave Smith – which some groups may like to use.
- A book of Bible Readings for personal study (£6.99) – which some people may like to buy and use to go deeper with the series.

I do hope that you enjoy the material and grow through using it. *Toby*
